# Editorial by Franklin Ward Councillor Andrew Baker

I hope you have all enjoyed what has been an interesting summer weather wise. I think we have fared better than those in the south with my mother complaining that in Ashburton, they have had to light the fire numerous times to combat the cold. Yet again we have had the wind which has stopped people being able to get out on their boats as much as they would want, which I am sure has impacted many in the Pōhutukawa Coast area and put even more strain on our emergency services, in particular the likes of our Coastguard and lifesaving volunteers who around the region have had to deal with events that are mostly preventable, often ending in tragedy or long lasting impacts for those involved and their families and friends. I sincerely want to acknowledge their dedication and courage, often putting themselves in harm's way for the benefit of others. You are truly local legends. I also want to acknowledge the residents of the beach areas that endure the influx of visitors to our beautiful beaches, often bringing behavioural

issues and physical rubbish the locals have to deal with.

The end of 2024 saw some decisions being made regarding the Council Controlled Organisations of Eke Panuku and Auckland Transport. Eke Panuku is responsible for managing the Councils' significant property portfolio and overseeing what is called urban regeneration which is what is happening in Pukekohe where they are working with the Local Board to use the sale of under used or poorly performing council-owned commercial property, and other property deemed surplus to requirements, to fund the facilitation of positioning Pukekohe to withstand the challenge of the likes of the Drury commercial and retail developments.

This was a hard sell to many in Puke when I was chairing the Local Board but over time it has been better understood and now fairly widely acknowledged as a good thing. The change to Eke Panuku means they will no longer be an almost independent entity but will be plying their trade and using their skills, relationships and knowledge within Council with

greater involvement, direction and ultimately accountability for your elected members. I supported the change.

Similarly, AT is going to see some change, however this is more driven by the Government and former Minister Simeon Brown who has, alongside the Mayor and Council, recognised that there needs to be changes to legislation to create greater accountability for AT. These changes won't happen until the legislative change process has been completed, so exactly what that looks like is yet to be finalised however it won't happen before our Council elections in October this year. Suffice to say however, having had the involvement with AT this term that I have, I am fully supportive of the proposed changes but recognise we have a bit of work to do in the interim to ensure the envisioned empowerment of Local Boards and Governing Body of Council is structured correctly so it doesn't create a situation worse than what we have had. Whilst a couple of the Minister's proposals were not expected, AT generally accepts that change is needed and are keen to make them work. How we establish the appropriate delegations to both AT as the deliverer and to Local Boards is key and is a focus of my Transport Resilience and Infrastructure Committee this year.

# Judges heap praise on two local regional parks

Two local regional parks have been recognised as achieving world-class management standards at the 2024 international Green Flag awards. The Council-owned parks were visited and evaluated by professional judges, who assessed safety, upkeep, sustainability and appeal to the community. Parks that met the rigorous quality benchmarks were awarded a Green Flag.

**Hūnuā Ranges Regional Park** (western section) was described by judges as “a magnificent location with very dedicated and devoted staff working hard to present a superb destination park while ensuring the ongoing protection of some of its truly unique features”. Good information and procedures relating to Kauri dieback

prevention were noted, along with strong community involvement in planting days and pest control programmes.

Judges also awarded a Green Flag to **Omana Regional Park** in Maraetai, considering it an ideal family park with a shell beach offering safe swimming at high tide, shady pōhutukawa, walks to farmland and an intriguing pā site. Judges noted the well-managed accessways and provision of a playground, well-placed and informative signage and a range of tracks for all abilities, and said it was clean, well-maintained and a popular destination.

Auckland Council Parks Committee chair, Councillor Ken Turner, says 23 Auckland sites have been recognised

since the awards scheme was introduced in 2012, which reflects an exceptionally high standard across the region.

“It takes a lot of people to achieve these awards, and countless hours of work to create and maintain high quality green spaces that benefit both the environment and the community.

“The rewards are there to be enjoyed by all Aucklanders. Parks and outdoor green spaces provide endless opportunities to be active or relax, so make sure you explore some of these special sites with friends and family this summer,” says Cr Turner.

Taryn Crewe, Auckland Council’s General Manager for Parks and Community Facilities, credits the hard work and dedication from the council’s

parks teams, volunteers and community groups for this year’s recognition.

“I’m incredibly proud and grateful to all those who have played a part in achieving eight Green Flags this year. The parks, cemeteries and maunga that have been recognised are standout examples of park management done particularly well.

“We are lucky to have 4000 parks in Auckland. There’s one in every neighbourhood and 28 outstanding regional parks. Each one of these helps make our region a great place to live and provides an important role in supporting the physical and mental wellbeing of our communities,” Ms Crewe said.

## New bus stop markings correct, says AT

Eyebrows were raised late last year with the appearance of new bus stop markings in Beachlands, some of which extended over residents’ driveways.

It is normal practice, says Auckland Transport.

Auckland Transport infrastructure and fleet specification manager Edward Wright says that Transport Design Manual standards require a safe boarding area of 9 meters at the **front** of the bus

stop, which should not overlap with any driveways.

This area includes the space where passengers enter and exit the bus. The standard length for a bus stop box is 15 meters, but most buses are typically between 11.3 and 13.5 meters long.

“If the [back] end of a bus stop falls within a driveway, the stop box is extended to the other side to avoid confusion caused by marking it on the driveway,” says Wright.

## Rotary Club funds leadership programme for local rangitahi

Rotary Club of Pōhutukawa Coast is funding two people to participate in a Rotary leadership programme for 21 to 30-year-olds. The programme is an intensive experience aimed at developing skills as a leader and combines

team building, practical leadership, presentations and outside activities. It will be held on the North Shore from 21-28 June. If this is for you contact John Stacey, pohutukawacoastrotary@gmail.com. Applications close in April.

## February is the perfect time to enjoy Sculpture in the Gardens

Sculpture in the Gardens has returned to the Auckland Botanic Gardens in Manurewa this summer, and some familiar Clevedon faces are involved.

Art is very much a family affair in the Wright household. James Wright's super-sized Corton steel works grace the gardens of some of the country's most spectacular residences. Son Jorge has inherited James' passion and skill, so both were delighted to learn their sculptures were two of just sixteen selected by judges for inclusion at the Sculpture in the Gardens event. Cheryl Wright has curated the indoor exhibition at the Huakaiwaka Visitor Centre.

James' piece, *Long Fin Eels Tuna-Kuwharuwharu*, sends an ecological message about the declining numbers of Aotearoa's largest freshwater eels, which remain endangered yet are commercially fished.

Jorge's *Sow in Love* offers a playful and uplifting vision of abstract seedlings transforming into joyful, dancing figures, promoting themes of love, growth and positivity. Hidden amongst the frolicking sprouts lie the words 'sow' and 'love' - faint enough to miss, but a delight once spotted.

The indoor exhibition, curated by Cheryl, complements the outdoor sculptures with smaller works by the same artists and 35

additional contributors. Many pieces are available for purchase.

The exhibition is supported by Auckland Council, local businesses, and individual patrons. A photographed souvenir catalogue is available for \$10, with proceeds benefitting the Friends of the Gardens.

Visitors can also enjoy framed concept drawings by the outdoor artists, offering a behind-the-scenes glimpse into the creative process. The exhibits rotate throughout summer, so there is always something new to discover.

Sculpture in the Gardens runs until the end of February. It's free for everyone and the Gardens also have mobility scooters and electric wheelchairs available at no charge.

At the close of the exhibition in March, the Burrill's People's Choice Award will be announced. This award is kindly donated by patrons Bill and Maggie Burrill, and visitors are encouraged to vote for their favourite sculpture while enjoying the exhibition.

**Right: James Wright's *Long Fin Eels Tuna-Kuwharuwharu* is on display now at Sculpture in the Gardens.**

# Cruisy club offers locals a chance to get on board with sailing

Pine Harbour Cruising Club may well be the most laid back yacht club in Auckland. The City of Sails is renowned for high stress, high performance and high achievement in the sport but through all of that, Pine Harbour Cruising Club has remained, well, cruisy.

The club boasts a small, active and varied fleet of vessels and places an overwhelming emphasis on fun. Thursday nights are race nights throughout summer, while during winter there are races every second Sunday.

Anyone interested in sailing is welcome to have a go - there is always room onboard for anybody who wants to give sailing a try.

Club member Emily May says racing or crewing on a yacht can be fun and a great way to meet new people.

“There might be lot of shouting on the start line, as boats jostle for the best place, but mostly we are a friendly bunch. There’s always a cold beer afterwards to celebrate a win or dissect a loss.”

The club is not all about yacht racing, says Emily.

“We have members with launches, and even members without boats. The club has a number of different races through the summer, that finish somewhere in the Hauraki Gulf, with a BBQ on the beach.

“There are so many boat owners at Pine

Pine Harbour Cruising Club members enjoy a race event on the Hauraki Gulf.

Harbour who don’t belong to the club but maybe you should give it a try. It’s a great way to join a friendly bunch of welcoming boaties.”

The Pine Harbour Cruising Club is always keen to welcome new members. If you are interested in finding out more, email the club Commodore; Roger

Mayhill, pineharbourcruisingclub@gmail.com, or follow the club’s facebook page; Pine Harbour Cruising Club.

## AUCTION

WHY WAIT?

# Reader Giveaway: win a bottle of Cancer Society SPF50 sunscreen!

Aotearoa’s intense UV rays make sun protection essential year-round, especially during summer. Our UV index is among the highest globally due to our thin ozone layer. Here are practical steps to keep safe under the sun:

- **Slip on Protective Clothing:** Cover your skin with lightweight, long-sleeved shirts and pants. Look for clothing with a UPF (Ultraviolet Protection Factor) rating for added safety.
- **Slop on Sunscreen:** Use a broad-spectrum sunscreen with SPF 30 or higher. Apply generously 20 minutes before heading outdoors and reapply every two hours or after swimming or sweating. It takes around seven teaspoons (35 mL) of sunscreen for one full body application for an average sized adult.
- **Slap on a Hat:** Choose a wide-brimmed hat to protect your face, neck, and ears, which are especially vulnerable to UV exposure.
- **Seek Shade:** Avoid direct sun exposure, particularly between 10am-4pm, when UV levels are highest. Seek shade under trees or use umbrellas and shelters.
- **Wrap on Sunglasses:** Wear sunglasses with UV protection to safeguard your eyes from long-term damage.

**SUNSCREEN GIVEAWAY!**

Autumn might be on the horizon, but that’s no reason to ease off on the sunscreen!

Keeping yourself protected with a good SPF is the best thing you can do for your skin - and thanks to our friends at the Cancer Society, the PC Times has two 400ml bottles of Kids Pure SPF 50 sunscreen to give away to lucky readers.

To enter, email your name and address to [info@pctimes.co.nz](mailto:info@pctimes.co.nz), with ‘sunsmart’ in the subject line.

Entries close 5pm Friday 14 February.

New Zealand’s UV index is among the highest globally due to ozone layer thinning. These simple steps can significantly reduce the risk of sunburn and skin cancer.

All profits from the sale of Cancer

Society sunscreens help support New Zealanders affected by cancer.

All Cancer Society sunscreen products are certified by the Australian Therapeutic Goods Association (TGA), which regulates sunscreens in the same way as prescription

medicines. This means their sunscreens are subject to strict manufacturing practices, including materials sampling, validation activities, product quality reviews and ongoing stability trials.

## Pine Harbour Prestige

Situated in the prestigious Pine Harbour Parade, this impressive two-story home built by renowned Jalcon Homes offers a harmonious blend of quality, space, and luxury. Spanning 326m<sup>2</sup>, this home is designed for a professional family who seeks both comfort and style. Originally recognised with a Silver Award in the Registered Master Builders House of the Year, this home has proven its lasting appeal and outstanding craftsmanship.

# Police acknowledge Coast resident for service to crime watch programme

Inspector Rod Honan, Area Commander East (left) presents Christopher Tomlin with a Certificate of Appreciation. Photo / supplied.

Pōhutukawa Coast Crime Watch Patrol president Christopher Tomlin says he was “humbled” to receive an award for his efforts from Counties Manukau Police recently.

The Counties Manukau Police awards ceremony was held last month at King’s College Auckland where Christopher was presented with a Certificate of Appreciation in recognition of outstanding service and contribution to the Beachlands-Maraetai Community. The award acknowledged Christopher’s work leading the Pōhutukawa Coast Crimewatch Patrol, including being instrumental in implementing the ‘Safer

Plates’ initiative and acquiring funding for a number of automatic number plate recognition (ANPR) cameras.

The Police citation also recognised Christopher’s “collaborative approach and information that has fostered positive relationships with Auckland Council, Auckland Transport and the Police.”

Christopher says it was a privilege to receive the award, which reflected the work of a group of dedicated volunteer crime watch patrollers.

“I am full of gratitude to all of the team for all of their continued hard work and dedication to the community,” he says.

## The Tooth Truth: insights and benefits from your local dental expert Unlock Free Dental Support: Up to \$1,000 in Annual Assistance for Essential Treatment!

- by Marina Dentists

At Marina Dentists, we understand that the cost of dental treatment can be a significant concern for many families and individuals. That's why we are excited to share with our local community the news about the WINZ dental treatment subsidy - which can provide you with up to \$1,000 every year for essential dental work. And the best part? You don't have to pay it back!

To qualify for the WINZ dental subsidy, you must meet these criteria:

- be at least 16 years old
- be a New Zealand citizen or permanent resident
- live in New Zealand or plan to stay
- have an urgent or essential need for dental treatment
- meet specific income and asset limits: your income and your partner's income is below the set limit, and you meet the threshold for savings and assets (things you own like a second car, a house you don't live in, or other valuable items such as a boat).

Students can apply too! If you're a student, you can apply through StudyLink.

### What treatments are covered?

- Emergency treatment: For urgent issues like severe toothaches or broken teeth.
- Essential treatment: For necessary work such as fillings or extractions that help maintain your long-term dental health.

You can apply for up to \$1,000 per 52-week period. Don't forget, if you miss out on applying, you could lose up to \$250 every 3 months - money you could use for dental care.

### Applying is easy:

- Step 1: Book a free 15-minute consultation at Marina Dentists for a quote.
- Step 2: Apply online through your MyMSD account, or call WINZ (0800 559 009) or StudyLink (0800 88 99 00 for students). Note: If you need help navigating the process or have questions, don't hesitate to contact us at Marina Dentists for guidance.

Don't wait - get the care you need!

This funding is available every year, so don't let dental issues become worse or more expensive.

Contact Marina Dentists today to see how we can help you access this support and keep your smile healthy!

## CATCH OF THE WEEK PHOTO COMPETITION

Send us your fishing photos this summer and be in to win a \$50 Top Catch voucher from GAS Maraetai each week!  
The overall season winner will win a brand new rod and reel sponsored by GAS Maraetai.

On Christmas day, Rachael McCormick went fishing for the very first time. She was excited to hook and land her snapper. Brother Peter carefully returned it to the sea as it was undersize. Rachael caught her fish onboard her family boat *Cajun Queen* near Rotoroa Island.

TO ENTER, EMAIL YOUR PHOTO TO  
LIZ@GASMARAEAI.CO.NZ  
include your full name, plus details about your catch (where the fish was caught, boat name, special gear used, what you did with the fish after it was caught etc).

## Coastal Cat Rescue 'Cat of the Month'

Apollo was one of five beautiful kittens left at a local park on New Years Eve. These kittens are adorable and there is a whole lot of fun packed in to their small bodies. Apollo loves conversation and play; he has a ready and loud purr and along with his brothers is ready to start the next chapter of his life. While in our care Albert has been raised with love and a well-behaved dog.

Apollo has been vet-checked, neutered, had his first vaccination, is microchipped (will be registered to his new owner), and is up to date with flea and worm treatments. There is also six weeks free Southern Cross pet insurance available if required (subject to terms and conditions). An adoption donation applies to help us continue to give our rescue kittens the best chance to enjoy the life they deserve.

If you would like to know more about this character, or enquire about the other adorable kittens we have in care, please email [coastalcatrescue@gmail.com](mailto:coastalcatrescue@gmail.com) or join Coastal Cat Rescue (NZ) on Facebook and PM. Please include a little about yourself and the home you can offer a kitten.
